NIPE OUR LAST PRIZE

Important Harbor on Cuba's North-east Coast Taken.

LIVELY FIGHT IN WHICH SPANISH SHIPS ARE DESTROYED.

Key West, July 23—Special—The cruiser Topeka arrived this morning with details of the attack on Nipe on Thursday. The Topeka opened fire and was followed by the Wasp, Leyden and Annaolis. The fire was rapid for more than an hour, and one by one the guns were silenced, and finally the troops were forced to abandon their posts in the fort. Our ships then moved up to the mouth of the harbor. The Topeka went inside the bay and engaged the cruiser Jarge Juan. A fierce fight ensued until a shell from the Topeka pierced the Spaniard's ribs and exploded, disabling her. The Spaniard then went on the beach. In the meantime the other American ships had forced three Spanish gunboats in the harbor to surrender and had silenced the forts. A body of marines landed at the outside forts and our flag was raised. The crews of the Spanish vessels escaped, no attempt being made to capture them. Not a man of any of our ships was injured, and no ship was struck. The fatalities on the Spanish side are believed to be large.

Cubans Badly Whipped.

Washington, July 23—Special—The defeat of the Cubans under Garcia by the Spanish force on its way from Palma to surrender to Gen. Shafter is received with satisfaction here. Garcia, it is said, was aware of the purpose of the Spaniards, and attempted to ambuscade and massacre them before they could reach Santiago. He got beautifully whipped for his disregard of the rules of civilized warfare. This exploit on Garcia's part may hasten the move for the disarming of his men. The Spanish soldiers are now safe from massacre within the American lines. The only condition of their surrender was that they should be protected from the cruelty of the Cuba.

An Important Capture.

Washington, July 23—Special—One by one the Spanish are losing their positions in Cuba. The seizure of Nipe bay, directly north of Santiago, by warships en route to Porto Rico and the destruction of the Spanish cruiser Jorge Juan without the loss of a man on the American side, is regarded as an achievement of considerable moment. Nipe bay is the most important harbor on the north shore of eastern Cuba, and its capture practically completes the subjugation of the province of Santiago.

Coal For Dewey's Fleet.

Washington, July 23—Special—The fear that Admiral Dewey would suffer from a coal famine has been happily dissipated by the arrival at Manila of the British steamers Nyanza and Cyrus with coal for the fleet. The coal was procured at Chinese ports closed to the Americans during the war. Our vessels could not have procured the fuel, and the good feeling displayed by the British captains is much appreciated, even though it was a commercial transaction from which they will derive considerable profit.

Queen Regent in Terror.

New York, July 23—Special—The Herald's Madrid special says: The queen regent is urging the ministers to make peace. Her prevailing fear is that the life of her son is menaced, and she guards him day and night. She always tastes dishes of food before allowing the king to eat for fear of poison.

The Porto Rico Program.

Washington, July 23—Special—It is said this morning that the government intends to fit out three Porto Rican expeditions, which will land on three sides of the island, and that within a few weeks Gen. Miles will control the entire country.

German Cruisers Sail.

Berlin, July 23—Special—German cruisers Gefien and Arcona have been ordered to proceed to Shanghai and Nagasaki respectively, and if possible go to Manila.

MISS ZIEGLER IS MARRIED

Minneapolis Paper Tells of Happy Event at That City
The Minneapolis Journal has this article which will interest Janesville people:
"A pretty wedding occurred at high noon today at the home of Mr. and Mrs. Thomas J. Ziegler, on Park avenue, when their daughter, Miss Jessie Belle Ziegler, was married to Ward Safford Lovering. Only the immediate relatives were present at the service, which was read by Dr. Marlon D. Shutter. The decorations were simple, but very beautiful. The mantels and archways were draped with amilax, and in the first parlor great bunches of vivid red sweet peas were effectively arranged with amilax and palms. Pink sweet peas were used in the second parlor and dining room, and yellow nasturtiums and marigolds in the music room and hall. There were no attendants, and the bride and bridegroom entered together as the mandolin orchestra played the march from Lohengrin. The bride wore a pretty gown of turquoise blue grenadine, and carried a large bunch of pink sweet peas. The Episcopal service was used, to which the orchestra rendered a soft accompaniment. A wedding breakfast was served from a table daintily laid in pink and white. An oval mound of pink and white sweet peas formed the centerpiece, and baskets of the same fragrant flower were placed on the table. Mr. and Mrs. Lovering left during the afternoon for an extended eastern trip, going by way of the lakes. They will be at home after October 15 in the best flats on Park avenue. Among the out-of-town relatives present were Mrs. Henry T. Fowler, Springfield, Ohio; Miss Ethel Baker, Chicago; Joseph Leeringer, Piqua, La.; Samuel Miller, Milwaukee.

AGAIN STATES HIS POSITION

Governor Scofield Makes His Attitude Clear
Milwaukee, July 23—The statement persistently made of late that Governor Scofield will withdraw from the republican gubernatorial race, is news to the city recently, and said he had made no change in his plans. He stood just where he had from the first. He would be a candidate before the state convention for a renomination, but he would make no effort to secure the nomination. If the convention thought he was the proper man to head the state ticket next fall he would accept renomination. If, on the other hand, the convention thought some other man would be better he would give him his hearty support.
This frank statement ought to settle the question of his withdrawal, but it may reasonably be expected that the same story in different garb will be floated several times before the state convention meets. Those who know the governor well, though, will take his statement in preference to any stories which may be put about and will know that until the convention has decided as to the next man for governor he will be in the race.

PLAYED A TEN-INNING GAME

The Y. M. C. A. Ball Team Goes Down Before Lake Mills' Players
The Y. M. C. A. ball club went to Lake Mills yesterday with the avowed intention of gathering the club of these arrangements fell through, and they were themselves gathered in by a score of 7 to 6. When one is told that they went into the game with a crippled club, tied the score three times in the ten innings and were then beaten, it would be sufficient to bring about an understanding of the rough crowd present, and the game is said to have been so hysterical at certain points that strong men were noticed to slip peanuts in their vest pockets and try to crack their watches between their teeth. But let that pass. The summary follows:
Lake Mills.....2 0 0 0 0 0 4 0 1—7

FIREMAN WILLIAMS IS DEAD

His Injuries At the Curve Near Roscoe Prove Fatal.
E. B. Williams, the fireman who was injured a week ago tonight by being thrown from an engine near Roscoe, died this morning at 10 o'clock from his injuries. He was the son of A. D. Williams, who resides in the town of Milton, three miles north of Milton Junction, and was twenty-three years old. He leaves a wife and one child. He was a native of Rock county, and was well known to nearly all the old settlers here, and generally esteemed for his many manly qualities. The accident occurred during Mr. Williams' first trip over the Roscoe division of the road, and was due to the fact that he was unaware of a sharp curve in the track which caused a swaying of the engine cab to violent as to throw him to the ground.

AN OLD SETTLER PASSES AWAY

Ole Patterson, of the Town of Rock, Dies as a Result of Injuries.
Ole Patterson, one of the best known farmers of the town of Rock, died at his home at 5:30 p. m. yesterday, the direct cause of his death being injuries sustained in a runaway accident, June 22, last. Deceased was born in Norway, October 27, 1831, and came to America in 1851, settling in the town of Rock. He leaves, besides a wife, six children to mourn his loss—Mrs. Bessie Goldsmith, Rock; Mrs. Jennie Schenck, La Prairie; Mrs. Christina Hunt, Janesville; Dora M. Murwin H. and Lena E. Peterson. The funeral will take place at the family residence Sunday at 2 p. m. The interment will be in Oak Hill cemetery.

ENJOYED A COBWEB PARTY

A GOLF MATCH ON FRIDAY

Handicap Event Arranged by the Sunnyside Club. Many Entries Promised.
A handicap golf match has been arranged for Friday, July 23, on Buckelton Links. Each player who enters will receive a handicap and will put twenty-five cents into a purse to be used in buying balls. Eighteen holes will be played, and the four best scores, handicaps allowed, will divide the prize. Much care is to be exercised in adjusting the handicaps so that stronger players shall not have an undue advantage, and it is expected that the entries will be numerous.

MILES HAS EASY JOB

Conquest of Porto Rico Will Not Require Much Hard Fighting.

GENERAL HAS A FORCE VASTLY SUPERIOR TO SPAIN'S.

Washington, July 23—Special—Gen. Miles is expected to reach the place of debarkation at Porto Rico tomorrow. There will be no delay in disembarking troops, as Miles wishes to have the transports return immediately to the United States for the remainder of the Porto Rican army.

Washington, July 23—Special—There are but 15,000 Spanish troops in Porto Rico, 8,000 of whom are regulars. Gen. Miles has about 24,000 men with him, and it is believed will be able to force a surrender with but little fighting. The chief engagement is expected to take place at San Juan. The campaign, it is believed, will be a brief one, as the American commander will push things from the moment of his arrival on the Porto Rican coast.

The Santiago Situation.

Santiago, July 22—Special—No provision laden vessels have arrived here since the surrender except the Red Cross steamer, and food is very scarce. There is much suffering among the poor, who are depending entirely upon the Red Cross.

The Spanish Trans-Atlantic company has notified Toral that through arrangements with the United States steamers now in the West Indian waters will transport the troops to Spain. Toral has notified the men that the first division of prisoners will embark on the 29th.

Bound For Porto Rico.

Chattanooga, July 23—Special—Tomorrow morning Battery A, of Illinois, Battery B, of Pennsylvania, and Battery A, of Missouri, and the Twenty-seventh Indiana battery leave for Newport News, there to embark for Porto Rico.

Ordered to Porto Rico.

Washington, July 23—Special—The brigade commanded by Gen. Grant, consisting of First and Third Kentucky and Fifth Illinois, has been ordered to Porto Rico this morning. It will sail as soon as transports can be secured.

Insurgents Repulsed at Manila.

Madrid, July 23—Special—A Manila dispatch says: The insurgents made an attack upon the city and were repulsed with the loss of five hundred. The Spanish loss was fifty killed and wounded.

Miles' Expedition.

Cape Haytien, July 23—Special—Four large American vessels passed here last night sailing in an easterly direction. They are believed to be part of Miles' expedition.

Yellow Fever.

Washington, July 23—Special—A case of suspected yellow fever has developed at Fort Monroe hospital.

PRaises FOR JOHN KELLY

Milwaukee Sentinel Speaks of His Victory at Detroit Meeting.
The Milwaukee Sentinel says: "For the first time since the Merchants' and Manufacturers' strike was inaugurated has any Wisconsin driver won that rich prize until John Kelly landed it with Directum Kelly at Detroit Wednesday. Kelly is from Janesville, and for years trained horses at that place, where he met with fair success. He finally went to California, where he went to work for Monroe Salisbury. He drove Directum, the famous black stallion, and with that horse he became famous as a driver, and was nicknamed 'Directum Kelly' to distinguish him from the other Kellys who are drivers. Kelly is now employed by James Butler, the New York millionaire owner of the East View Stock farm near New York city. Directum Kelly is by Direct, dam Rosa Ludwig, and was named in honor of his driver. The lowering of the mark of the M. and M. stake is a great honor due to Kelly."

WELL FED; WELL BRED;

Proper Food Makes Brains Men and Beautiful Women.
To know just what to eat is a problem for many people who find their strength and health not keeping up to a proper stage. From food we must expect our bodily nourishment and not from drugs. True, a physician's care is required at times, but the true physician will always seek to put his patients on properly selected food and drink.
A food expert has discovered Grape-Nuts by experimenting on the treatment of grains to artificially pre-digest the starches (the principal part). Grape-Nuts are now made by the Postum Cereal Co., Ltd., of Battle Creek, Mich., and sold by grocers generally, is a delicious dietary, suitable particularly for the brain worker, as it quickly supplies the part of food the body needs to supply the daily loss produced by brain work. Unless the right food be furnished and properly digested, the individual discovers a grad at failing and some form of disease sets up. Users of Grape-Nuts discover that they assist in the digestion of cream and other food, and that a "well fed feeling" follows their use.

Tiffany.

Tiffany, July 23.—The heavy storms of Tuesday and Wednesday were very destructive in some sections, and where hail fell to any extent tobacco is injured to growers estimate—one half its value. Many trees were destroyed, and crops, especially corn, prostrated. Just what the injury is to the corn crop cannot now be estimated. Barley harvest is being pushed rapidly, with a fair crop somewhat closed. Mr. and Mrs. Hollister, of Delavan, were visiting at D. Q. Starks last week. The insurance of growing crops is becoming quite common, and parties are already putting in claims. D. Q. Starks is agent for the company and reports business good. Shummeall & Dean have large quantities of posts and shingles piled at the depot, which they offer for sale. Many from this section will attend the Delavan Assembly. Miss Alice E. Smith, in company with several Beloit teachers, will attend the summer school for teachers in Madison, commencing Monday. This is a three weeks term for teachers, at a cost of \$5 for each study. SCANDINAVIAN CHURCH WORK

Interesting Services at the Lutheran Gathering at Clinton

Clinton, Wis., July 23.—[Special]—Two Scandinavian Lutheran churches, Jefferson Prairie, Beloit and Capron, have held a catechumens reunion at the home of the pastor, Rev. J. C. Jensen. It is the second annual gathering of the kind held in the state, the first occurring at Stoughton a short time ago. Catechumens representing nine classes of 125 members were present. Rev. Mr. Jensen addressed the catechumens in the afternoon and there was a musical program in the evening. Mr. Jensen the pastor of three churches, is a former Milwaukeean, having served as pastor of the South Side Scandinavian church for a number of years. The Jefferson Prairie church is one of the wealthiest Scandinavian churches in the state. It has a membership of over 500.

CRUSHED IN THE BULLDOZER

Serious Injury To An Employee of the Janesville Machine Company

Yesterday at 5 p. m. the Fire Patrol ambulance received a call summoning it to the plant of the Janesville Machine company to attend a wounded employee. The unfortunate man proved to be Anton Olson, of the blacksmithing department, who in some unknown way became caught in the machine known commonly as the "bulldozer," thereby sustaining severe injuries. His right thigh was badly crushed and torn and it was thought at first that he had sustained internal injuries but luckily such was not the case. He was at once removed to his home, 57 Holmes street, and Dr. J. F. Pember summoned, who, assisted by Dr. W. H. Palmer, dressed his wounds and made him as comfortable as possible. He was resting as easily last night as could be expected under the circumstances and bore his injuries bravely.

While the bone was crushed and the tendons badly torn Mr. Olson has a good constitution and with careful treatment will soon be about, though he will no doubt bear the accident for some time.

Outside Merchants Compelled to Stay Too Long in Town—Railroad Accommodations Are About as Bad as They Could Possibly Be—Reform Is Necessary.

Complaint has become general of late among Janesville merchants that the railways running through the city seem oblivious to the convenience of those doing business here. Time schedules are so arranged as to debar the merchants of surrounding towns of the privilege of doing their business here except at the cost of time they can ill afford to spare. For instance, there are no trains arriving here early in the day and departing later which give country merchants time to do their trading and return home the same day. The following communication from a resident of Shople, is but one of many that are being received at this office, and illustrates the inconvenience to which our neighboring patrons are subjected through lack of an intelligent adjustment of railroad schedules:

The following explains itself:

A Loud Protest

Shople, Wis., July 20—Editor Gazette: This communication is written on the supposition that the Gazette lives "not to itself alone" but for the combined interests of both itself and its patrons in and out of the city. I merely desire to call your attention to the abuse that could be easily corrected by the men in authority, bringing to the business interests of Janesville some good, and to the people of this community benefit and satisfaction. Shople is but nine miles by railway from Janesville, yet we cannot get there and back the same day by rail. No train carrying passengers goes north until 12:21 a. m. and none comes south after that time until the next morning except the St. Paul Limited. If passengers mount this train at Evansville or any other station north of Janesville they are delivered here; but from Janesville they will be taken on to Clinton. This is clearly a discrimination against the interests of your business men. Most of our people would prefer to trade in Janesville, but being mostly farmers they go to other and nearer towns rather than drive so far. Hundreds of dollars would come to your business men which now go to other towns if only we could get there and back the same day by rail. Petitions asking for any means whatever to this end, and signed by almost the entire community, have been sent repeatedly to officials of the road, but never as much as a postal card in reply even to personal letters has ever been received. The officials seem to ignore and even insult our people and our money. But if the business men of Janesville understood the whole matter as it is, the railway company could not afford to ignore what those business men would do unless some change was made. To allow the Limited to deliver ticketed passengers at Shople from Janesville—or to allow a freight train to carry us north in the morning—or to allow one to carry us south in the evening at seasonable hours—any of these would be all that we ask. Business men of Janesville, what do you think about it? What will you do about it? Are not your thousands paid in freight worthy of recognition?

CITIZEN.

Complaints Are Many.

Reporters for The Gazette have of late had conversations with local merchants in which the evil complained of in "Citizen's" communication have been dwelt upon. Letters have also been received from outside towns in which complaints of a like character are made. One subscriber residing on the Northwestern road south of the city says he has personally circulated and sent in two petitions asking for such a revision of the time tables of the road as shall accommodate those desiring to do business in this city. "As an example of the inconvenience we suffer," he writes, "my wife would use the railway twice a week if she did not have to stay over night every time. Others are in the same plight. Hence the trade goes to Beloit and Clinton."

Low Too Much Time.

Another correspondent, writing from a southern suburb, says he has been kept out of the Janesville market of late simply because he could not spare the better part of two days that are needed for a trip to this city, less than a score of miles. "I like the way the Janesville merchants do business," he writes, "and can buy cheaper there than elsewhere, but these advantages do not compensate for my loss of time in going and returning. I could do all the business I have on hand in three or four hours, and if the trains were run for the convenience of merchants here I could visit Janesville, transact my business, and return home within five or six hours. It takes me twenty-four to do it under present conditions, and therefore I am compelled to go elsewhere to do my trading."

"Janesville merchants are losing thousands of dollars in trade every week," writes a business man of Ollustun, "simply because one can't get there and back in one day. I like to stop over night in the city, for the hotels are good, and there is always something to entertain one, but I can't afford it. I must attend to my business and skip back at once or I will lose some of my best trade. This I

It takes three hours for Chicago evening papers to get to Janesville. It takes less than one second for the telegraph to cover that distance. The Janesville Gazette receives full press association dispatches, and the news is three hours later than that of Chicago and Milwaukee evening papers sold in this part of the state.

can't do; the railroad company won't permit it. Why don't your merchants act in the matter? I believe that railroad officials would make it a point to please them if they knew the extent of the inconvenience their patrons are subjected to. Stir them up and Janesville will be a gainer."

Business Men Talk

Janesville business men interviewed on the subject expressed themselves tersely about as follows:

A. H. Sheldon—The majority of Shople trade would come to Janesville and it is no more than right that the road should do what it can to help the merchants.

J. M. Bostwick & Sons—It is an outrage and should be stopped immediately. The road would lose nothing while it would benefit the merchants here thousands of dollars. It seems as if the road ought to have enough accommodation about it to stop one minute to allow passengers to get off.

O. C. Bennett—We carry a large stock, especially for outside trade, and we certainly ought to be accommodated.

Brown Bros—I always supposed that Shople people had accommodations, but if not, it is a shame. We carry stock especially for such trade; will join anybody in endeavoring to get them up here to trade.

Archibald Reid & Co.—A large percentage of the dry goods trade of Janesville is, and always was, the transient trade, and a change in the trains so as to allow all the people who can come to get here, would be very beneficial.

H. G. McNamara—If the people want to come, it is the railroad's business to get them here, for they are entitled to better accommodations.

E. W. Lowell—Anything that can be done to attract the out-of-town trade should be done.

Bort, Bailey & Co.—It is for the interest of the city that the people of Shople and other towns should have better accommodations for doing their trading here.

SUNDAY THEMES IN LOCAL PULPITS

RESTFULNESS CAN BE OBTAINED AT CITY CHURCHES

Clergy Offer Inducements to Those in Need of Comfort of Body and Mind—Attractive Services Will Be Held Tomorrow—Mr. Pence Will Speak on the Nashville Convention.

The churches are restful these days when rest seems to be regarded as the sine qua non of existence. Within their walls there is an atmosphere of peace that induces to that bodily and mental refreshment that is necessary to a perfect manhood. And the lessons from the pulpit are those of the prince of peace, whose mission on earth was to redeem men from the thralldom of sin and exalt them to a place beside their creator. There is no place where the tired mortal can be so much refreshed and renewed than in the churches, where there is nothing to irritate him.

The announcements for tomorrow's services are appended:

Presbyterian Church—Morning service at 10:30 o'clock. Sermon by the pastor, Edward H. Pence. Subject, "Our Country for Christ." Evening service at 7:30. Subject, "The Nashville Convention; A Modern Fulfillment of an Ancient Prophecy." The sermon will be a partial report of the pastor, attended the convention as a delegate. Convention songs will be sung. Young people's meeting at 8:30 p. m. with a special program.

Court Street M. E. Church—This Sunday and Another will be the subject at Court Street church tomorrow evening, the pastor, Rev. W. A. Hall, preaching the sermon. In the morning he will speak of the wonderful cure of the ten lepers, Christ and little children, and the rich young man who came to church, and yet did not come to Him. Good music will be a feature of the day. Class meeting at 9:45 a. m. Sunday school at 12 m. Epworth League at 8:30 p. m.

Mary Kimball Mission—106 South Jackson street. City Missionary, Mary Kimball, pastor. Sunday School at 2 p. m. Preaching at 3:15 p. m. Preaching at 7:45 p. m. by Rev. D. W. Cram, of Minneapolis. Meetings Wednesday, Thursday and Friday evenings. Everybody welcome.

Rev. D. W. Cram, of Minneapolis, will preach at the Mary Kimball Mission tomorrow night. All are invited.

Trinity church—Seventh Sunday after Trinity. Matins and Litany, 10:30 a. m. Evensong, 7:30 p. m.

There will be service at St. Paul's Lutheran church at 10 a. m. and at 7 p. m. tomorrow.

STRANGER DROWNED IN POND

Body of a Man Found in a Pond Near Milton Junction

This morning at 10:30 o'clock the authorities received a telephone message from Milton Junction stating that the body of a man had been found in a pond near there, and from papers found in the clothing was supposed to be from this city.

The name given was Fred Heimptke and the body was described as that of a man about forty years of age and commonly dressed. The police were active all day in trying to ascertain if a man of the name stated had lived here recently, but up to the hour of going to press had been unsuccessful.

It is supposed, however, that he was merely a transient, as a man answering the description came into the city Monday night and left Tuesday morning. Death evidently came from drowning, as there were no marks on the body that would indicate foul play. It was no doubt a suicide, as from the surroundings it does not seem possible that it could have been an accident.

HOSPITAL IS NOT ADEQUATE

Soldiers at Jacksonville Suffer for Lack of Proper Accommodations

John Falter, of No. 353 South Franklin street, has received a letter from the chaplain of the First Wisconsin regiment, in which he states that his son, Edward Falter, formerly of this city, and late of Stoughton, who enlisted in the Whitewater company, has been lying dangerously ill with malarial fever in the hospital at Jacksonville. He reports that he is now convalescent, and with good care will, he thinks, soon be able to be out. The so called hospital is merely a tent, and the authorities are harshly criticized for having made no better arrangements for caring for the sick, the accommodations being entirely inadequate. The Whitewater company seems to be having more than its share of hard luck in this line, and it is all traced to a lack of proper sanitary precautions. If something is not done soon their ranks will be thinned more than they would be in actual warfare.

This will give everyone an opportunity to enjoy a patriotic meeting together.

AN OLD LANDMARK BURNS

It Was Located Near the Old Burr Robbins Homestead

One of the old landmarks passed into history early this morning when the house belonging to a man by the name of Robinson was burned to the ground. The house is located on the corner of Eastern avenue and, Alfonso street near the old Burr Robbins place. No alarm was turned in by the people of the vicinity, who evidently preferred that the house should burn than be saved. The house was unoccupied and was not insured. The loss is about \$450.

BIG BARN BURNED WITH MUCH GRAIN

W. J. MILLER SUFFERS HEAVY LOSS BY FIRE.

Matches Dropped by Tramp's Supposed To Have Caused the Blaze—Neighbors Form a Bucket Brigade and Work Hard to Save the Remainder of the Buildings.

Fire in the W. J. Miller farm near Atton caused a heavy loss yesterday afternoon. The barn, the largest on the Beloit road was destroyed completely, together with eighteen tons of hay, 1,000 bushels of grain and much corn fodder. Matches dropped by tramps are supposed to have caused the fire.

The barn, which was 100 feet long and had a basement the full length cost over \$1,500. It was insured for \$800. The grain was insured for enough to cover, all the insurance being written by the LaPrairie Mutual. The building was all ablaze before the fire was discovered.

Desperate efforts of neighbors and O. & N. W. section men barely saved a number of adjoining buildings. The wind blew the flames away from the dwelling, 120 feet distant, but the hog house, windmill and scales were very near the burning building and were in great danger. The windmill tank was full of water and this was used by the bucket brigade, while teams were kept on the run bringing water from the river in barrels. Thirty men worked without a pause from 3:30 until 5 p. m., wetting down roofs and cladding. All night long some of them stood guard, the piles of corn burning very slowly.

The grain was owned in shares by W. J. Miller and George Oels, the farm being worked by Mr. Oels.

Three cultivators and a wagon were burned but the binder, mow and most of the other machinery was in the fields.

THE STRENGTH OF OUR ARMY

Nearly Three Hundred Thousand Men in the Field.

WORK DONE IN NINETY DAYS.

Army Experts Look Upon the Feet as a Wonderful Achievement—Best Fighting Material in the World is in America.

Washington, July 23.—A consolidated statement prepared by Maj. John A. Johnston, assistant adjutant-general, shows that of the 277,500 men authorized by congress to be enlisted in the regular and volunteer armies, 254,479 up to this time have been mustered into the service. Of the 23,031 yet required to complete the authorized quota, 13,308 will be regulars, 8,000 volunteers under the second call, 862 immunes and 851 engineers.

The authorized strength of the regular army is now 61,000. April 30 it contained 26,500 men. Since that time 23,192 recruits have been obtained from probably 75,000 applicants. The strength of the regular army today, less recent casualties, estimated at 2,000, is 47,692.

The authorized strength of the volunteer army is 216,500. Of this number 125,000 were included in the president's first call for troops, all of which have been recruited, mustered and put in the field, 75,000 of which have been mustered into the service, 3,000 were to constitute three special regiments of cavalry, 10,000 were immunes and 8,500 were engineers.

Of the volunteers under the second call 35,000 thus far enlisted have been distributed among complete organizations already in the field and 32,000 constitute new organizations.

The recruiting, mustering, equipping and placing in the field of the present great army of nearly 300,000 in less than ninety days—nearly every man having to undergo a strict examination—is regarded by army experts as a wonderful achievement. Officers representing the great armies of European nations have been amazed at the work accomplished and admit frankly that Europe contains little such fighting material as is to be found in abundance in the United States.

Nearly 20,000 Men for Merritt. San Francisco, Cal., July 23.—The transport Rio de Janeiro, with her complement of 1,000 troops, will be in readiness to sail for Manila Saturday. Another 1,000 will depart on the steamer St. Paul next Tuesday or Wednesday. The big ships Arizona and Scandia can each take 1,500 men. If they are sent the number of men dispatched to Manila up to the time they depart will amount to 19,000. Gen. Merritt's friends say he will be satisfied with that number in spite of the fact that 3,000 troops belonging to the expeditionary force will be left behind.

Cabinet Discusses Porto Rico. Washington, July 23.—The cabinet session Friday occupied an hour and a half and was devoted almost exclusively to the Porto Rico expedition and incident aggressive steps in the campaign. A large chart of the island was sent for during the session, and its lines were carefully studied. After the session it was specifically and positively stated that there had been no discussion whatever as to the peace outlook.

Grosvenor Off to Europe. Columbus, O., July 23.—Congressman Charles H. Grosvenor and daughter, Grace, will sail from New York Tuesday. Mr. Grosvenor will spend one week in London, returning home Aug. 20. On account of his relations with President McKinley it has been freely said his visit was in connection with an Anglo-American alliance, but he claims the trip is only for rest and recreation.

French Cruiser Brings Supplies. Santiago de Cuba, July 23.—The French cruiser Rigault de Genouilly arrived here with supplies for the relief of the citizens of Santiago. A large exodus of Cubans is expected during the next few days, as they are returning to the cultivation of the country, that work being the chief source of wealth to the island. The greater part of Garcia's army will leave here at daybreak tomorrow.

Comptroller Asks Reports. Washington, July 23.—The comptroller of the currency has called on national banks for statements of their condition at the close of business, Thursday, July 14.

What Dr. A. E. Sailer Says. BUFFALO, N. Y.—Gents:—From my personal knowledge, gained in observing the effect of your Shiloh's cure in cases of advanced consumption, I am prepared to say it is the most remarkable remedy that has ever been brought to my attention. It has certainly saved many from consumption. For sale by People's Drug Co.

National Saengerfest—Special Train to Davenport and Return at Half Fare. All who desire to join the Janesville Concordia Society Singing club in their trip to the Davenport National Saengerfest on July 28 have an opportunity to do so at half fare. They will leave Janesville over the St. Paul Railway at 11:10 a. m. arriving at Davenport at 4 p. m. Special train for the return trip will leave Davenport, Sunday, July 31 at 11 p. m., arriving in Janesville at 4 a. m. Tickets will be sold July 27 and 28. Regular trains may be run in either direction if desired. Tickets are good for return until August 1.

EXPLOSION KILLS THREE.

Engine Blows Up at Dutch Flat, Cal., and Does Great Damage.

Dutch Flat, Cal., July 23.—Engine No. 993, on the east bound extra, blew up at the station here Friday, killing Engineer Tom Kelley, Fireman Terry of Sacramento and a coal passer, whose name is unknown.

The hotel of J. R. Faller was completely demolished by the explosion. Mrs. J. R. Faller, residing in the hotel, was cut about the head and hands; Raymond Faller, aged 10, was bruised and cut; Lawrence Faller, aged 6, was severely hurt about the head, and concussion of the brain is feared. Henry Dusque of Colfax was badly hurt about the back and had several ribs broken. A wrecking train and doctors are on the way from Sacramento.

DECLARES MARTIAL LAW.

Agulnaldo Takes a Bold Step in the Philippines.

Washington, July 23.—The following cablegram has been received at the war department:

"Hong Kong, July 23.—Secretary of the Navy: Following is for the secretary of war to the adjutant-general. Agulnaldo declares dictatorship and martial law over all the islands. The people expect independence."

"ANDERSON." Col. Anderson was the senior army officer at the Philippines when the dispatch was sent, probably several days before its Hong Kong date.

Bankrupt Most Wait. Washington, July 23.—The bankruptcy law, recently passed by congress, provides that petitions for voluntary bankruptcy shall not be filed until after the expiration of thirty days, and petitions for involuntary bankruptcy until the expiration of four months. There will, therefore, under this law, be no important business in bankruptcy until after the first of November. The law also provides that the Supreme Court shall frame rules for proceedings in bankruptcy. The Supreme Court had already adjourned when the law went into effect, and will not reassemble until October, so that no rules can be promulgated until that time.

For an Army Hospital at Honolulu. San Francisco, Cal., July 23.—The War Alger, through Adj.-Gen. Corbin, is in correspondence with Gen. Merriam in regard to barracks, officers' quarters and army hospitals at Honolulu. The site of the proposed hospital was purchased by Gen. Merritt under instructions from the war department while in Honolulu recently en route to Manila. Adj.-Gen. Corbin has an idea that barracks and officers' quarters for about 2,200 officers and men should be built and a hospital for the proper care of 90 patients at a time. Gen. Merriam is to make proper recommendations on the subject, but

Tornado in North Dakota. Minot, N. D., July 22.—A tornado struck this town last night, demolished seventeen buildings and injured a number of people. No one was killed. The county hospital was destroyed, and several of the inmates badly injured. Six loaded box cars on the Soo trucks were blown one hundred feet from the rails and demolished. A heavy hail-storm following seriously damaged the crops.

A Casselton, N. D., special says the same storm destroyed 20,000 acres of wheat.

Another Missouri Regiment. St. Louis, July 23.—The Sixth Missouri infantry, raised under the second call, with the full quota of men, has become part of the volunteer forces of the United States, the last company being mustered in today. Colonel Letcher Hardeman, a lieutenant in the regular army, commands the regiment, and among the line officers is Captain Robert E. Lee, who, in addition to being a namesake, is a relative of the famous confederate general.

LATE NEWS BY TELEGRAPH.

DEWEY READY TO STRIKE.

His Plans Made for an Attack on Manila.

TO APPROACH BY LAND AND SEA.

Concerted Attack Expected to Be Made on the City at Once by the Fleet and the Land Forces Under General Anderson and Greene.

Manila Bay, July 19 (via Hongkong, July 23).—The regiment of Colorado troops forming a part of Gen. Greene's command has been removed from the transport China, in which it made its journey from San Francisco, to the newly formed American camp near Malate. There it confronts the last Spanish outpost which blocks the entrance to Manila from the south and which has long resisted the onslaughts of the insurgents. The remaining troops of the last detachment will be taken from the transports as rapidly as possible to positions around Manila preparatory to a concerted attack on the city by Admiral Dewey's fleet and the American land forces.

Since the news was received here of the destruction of Admiral Cervera's fleet at Santiago and of the return of Admiral Camara's ships to Spain the present time has been considered best for a movement on Manila to compel its surrender. Conferences have been held by Admiral Dewey with Gens. Anderson and Greene, and a plan has been outlined for the capture and occupation of the city, which has the approval of those commanders. Recent visits of the British consul to the flagship Olympia indicate that a final demand for the surrender of the Spanish garrison is contemplated, the British consul acting as mediator between the Americans and the Spanish authorities. Most of the troops now in camp at Cavite will be advanced at once to the front to take part in the important work in hand.

The Spanish soldiers in Manila are being deceived by the war council which has charge of the city's defense. They expected Camara's fleet to arrive July 15, and now they are looking for it to appear at any moment and give battle in the bay to the ships of Admiral Dewey.

There is great activity among the insurgents, and it is evident that Gen. Aguinaldo desires it possible to take Manila before the Americans move against the city and thus increase very greatly his claims for consideration. In a battle at Malate on the 16th inst. the insurgents suffered a loss of fifteen killed. The Spanish soldiers made a desperate sortie and gained the insurgents' trenches, but in the subsequent fighting they were routed.

The German cruiser Cormoran is expected to return soon with dispatches to the German admiral which may close the trouble between Dewey and Von Diederichs or may further complicate it.

TO HIT CAMARA.

Commodore Watson Will Not Bombard Spain's Coast.

Washington, July 23.—A significant statement was made Friday by a gentleman in a position to speak with knowledge and authority as to the plans of the administration with reference to future war operations. In substance the statement was as follows:

"Commodore Watson, in proceeding to the Spanish peninsula as soon as the Porto Rican expedition is gotten under way, is not to bombard the cities on the Spanish coast. No such idea of bombardment of the coast is entertained. While there may be other incidental purposes, the main mission of Watson is to take care of Camara's fleet. The movement of this fleet and the fears and apprehensions caused by reports concerning it are to be stopped for all time.

"The ships under Camara will be located by Watson and finally met and engaged. The talk occasionally indulged in as to the Canary Islands is utterly without foundation. This government has no plan to take those islands and does not want them.

"Despite popular expectation that Porto Rico operations will be followed immediately by action against Havana, it can be said that Havana will not be attacked while yellow fever conditions exist. This is certain."

MILES IS MOVING.

Part of Invading Army Will on Its Way to Porto Rico.

Washington, July 23.—The first detachment of the combined military and naval expedition to Porto Rico passed Mole St. Nicholas at about noon Friday, and by this time is well on its voyage, skirting the northern coast of Hayti. This information was received in a dispatch from Gen. Miles to the war department at 1:15 o'clock Friday afternoon, Washington time, or 2:25 Mole St. Nicholas time.

The Mole St. Nicholas dispatch was gratifying to the administration officials. The announcement that the transports had reached that point was recognized as meaning that the expedition was "moving along well," and it led the war department to believe that the destination of the fleet would be reached by next Sunday, provided no unexpected hindrance is encountered.

Cuban Harbor Seized.

Washington, July 23.—The following

message has been received at the navy department:

"Playa, July 22.—Expedition to Nipe has been entirely successful, although the mines had not been removed for want of time. The Spanish cruiser Jorge Juan, defending the place, was destroyed without loss on our part. The Annapolis and Vasp afterward proceeded from Nipe to assist in the landing of the commanding general of the army on arrival at Porto Rico.

"SAMPSON."

On the Way to the Front.

Chickamauga Park, Ga., July 23.—The movement to Porto Rico has begun. The Third Illinois is on the way to Newport News. With the Illinois troops went the Fourth Ohio and Fourth Pennsylvania, forming the Second brigade, First division, First corps, under Brig.-Gen. Peter C. Haines. In the command were 3,825 men, including 140 regimental officers. In all there are about 100 cars, divided into nine sections. They will arrive at Newport News some time Sunday, where three transports are in waiting to convey them to Porto Rico.

Shafter Sends No Word.

Washington, July 23.—The war department is still in official ignorance of the reported retirement of Garcia with his army from the American lines at Santiago and the resignation of that Cuban general. It is considered a little singular that Gen. Shafter has not made a report to the department of the case by telegraph, but he has so far shown little disposition to acquaint the department with the state of affairs at Santiago, unless called upon by direct inquiry by the secretary of war.

Army in Need of 23,000 Men.

Washington, July 23.—Maj. John A. Johnston, assistant adjutant general, has prepared a report showing that of the 277,600 men authorized by congress to be enlisted in the regular and volunteer armies 254,479 up to this time have been mustered into the service. Of the 23,031 yet required to complete the authorized quota of the army, 13,308 are regulars, 8,000 are volunteers under the second call, 862 are immunes, and 851 are engineers.

Will Hurry Spanish Home.

Santiago de Cuba, July 23.—The Spanish Trans-Atlantic company has notified Gen. Toral that through arrangements with the United States government the steamers of the company now in West Indian waters are to be used in transporting the Spanish troops to Spain. Gen. Toral has notified his men that on July 21, in accordance with the terms of capitulation, the first division of the Spanish army will embark for Spain.

Dies Choking the Flag.

Charleston, S. C., July 23.—Lieut. H. R. Smith, company 1, Third Wisconsin regiment, died at the St. Francis Xavier infirmary Friday of typhoid fever contracted at Chickamauga. A few minutes before his death he asked for a United States flag, that he might take a parting look at it. The flag was brought and he expired grasping its folds as it was placed upon his cot. His remains were forwarded to his home at Racine, Wis.

Predicts War of Extinction.

London, July 23.—The Saturday Review predicts a "war of extermination between Americans and Cubans six months after the conquest of the island." It adds: "Cuba will corrupt its American governors and the reign of the American boss is not likely to be exemplary. The cost of the whole proceeding will be more than \$250,000,000, and the game is not worth the candle."

Watson Can Buy Coal.

London, July 23.—The Paris correspondent of the Morning Post says: "In the discussion of the coaling question here it is agreed that Commodore Watson could, without infringing treaties, purchase in British or French ports sufficient coal to carry his squadron back to the United States and then use it in cruising along the Spanish coast."

Sick at Jacksonville.

Jacksonville, Fla., July 23.—Two hundred and ten patients were reported Friday in the division hospital and six in "quarters." The records show that the largest number of men are from the First Wisconsin and First North Carolina regiments, each of which had thirty-nine patients at the hospital.

Col. Bryan Given an Ovation.

Jacksonville, Fla., July 23.—The Third Nebraska Infantry, in command of Col. William J. Bryan, arrived in the city Friday and is located at Panama park. Col. Bryan visited camp this morning in company with Gen. Lee and was accorded a magnificent ovation along the entire line.

Howard Going to Santiago.

Key West, Fla., July 23.—Gen. O. O. Howard is here and will go to Santiago in a few days. Ostensibly his Cuban trip is in connection with the army Christian association, but it is believed he has a mission for the government.

Aman'a Virginia, rode forty miles of Fairfax Station, for the express purpose of getting Chamberlain's Cough Remedy and took home with him, a dozen bottles of the medicine. The drugist who relates the incident adds: "Your remedy seems to be a general favorite, wherever known." Its effects are indeed wonderful in all lung and throat troubles. Procure a bottle at the People's Drug Store, E. Milwaukee St.

NEGOTIATIONS FOR PEACE.

Report That Spain Has Taken the First Step.

NEWS COMES FROM LONDON.

Premier Sagasta Authority for the Statement—Powers Said to Have Reached an Agreement as to the Philippine Islands.

London, July 23.—The Madrid correspondent of the Daily Mail says: "Senor Sagasta told a representative of El Imparcial that the government had already entered upon the preliminary stage of peace negotiations."

A special dispatch from Madrid says: "The arrival of Gen. Polavieja has increased the persistent talk of a cabinet crisis. The queen regent is credited with exclaiming, 'Thank God!' when she knew he was coming. Opinions differ as to whether a semi-military cabinet would make for peace or for a continuance of the war; but all are agreed that it would at any rate put an end to the present invertebrate policy. The belief is current in Madrid that the delay in Commodore Watson's starting is due to a desire to give Gen. Polavieja time to form a cabinet and to sue for peace."

The Berlin correspondent of the Daily News says: "The powers, with the exception of Great Britain, have agreed not to allow American annexation of the Philippines or an Anglo-American protectorate over the islands."

The Madrid special dispatch to the Times, Daily News and Standard agreed that no real step has been taken toward peace, and moreover, that the idea that the capitulation of Santiago was a preliminary to peace must be abandoned. The ministerial organ, El Correo, says: "The government is satisfied that the nation desires peace, but if the Washington government should raise difficulties Spain will cease to seek a pacific solution."

The Madrid correspondent of the Standard says: "Fresh developments in the struggle will probably occur before the peace partisans overcome the resistance of the war party."

Builds up the system; puts pure, rich blood in the veins; makes men and women strong and healthy. Burdock Blood Bitters. At any drug store.

The Grocerymen.

Sold to the Short \$120,000.
Milwaukee, Wis., July 23.—The examination of the books of the Home Building and Loan association by State Bank Examiner Kidd and his chief clerk, James H. Rogers, has led to the discovery of an alleged shortage in the accounts of the secretary of the association, John Harvey Myers, of over \$120,000. There are about 250 stockholders who will stand the loss, while the directors will be the heaviest losers, because holding from \$5,000 to \$10,000 of the stock each. The affairs of the association will be placed in the hands of a receiver, and the state may proceed against Secretary Myers.

Great Britain to Lead.
London, July 23.—In the house of commons Friday Mr. Goschen, first lord of the admiralty, announced that the government would build four battle ships, four cruisers, and twelve torpedo boat destroyers within the next three and a half years, at a total cost of £8,000,000. The government, he declared, adhered firmly to the idea of maintaining a navy equal to any two of Great Britain's strongest naval rivals. Russia's naval program, he said, had made Great Britain's policy of augmentation necessary.

Are Friendly at Manila.
Berlin, July 23.—A dispatch to the Frankfurter Gazette from Shanghai asserts that the relations between the Germans and Americans at Manila are very friendly.

Communication Cut Off.
Madrid, July 23.—It is said in official circles that, no dispatches having been received recently from Capt.-Gen. Blanco, the Spanish government is considering means of restoring communication with Cuba.

Sixth Regiment Afloat.
Charleston, S. C., July 23.—Transport No. 21, with the Sixteenth Pennsylvania and two companies of the Sixth Illinois, 800 mules, wagons and stores, put to sea Friday.

Americans Killed in Mexico.
Mexico City, July 23.—An American named Reed, a civil engineer from Nashua, N. H., and another American named Wing, connected with a banking firm in New York, were attacked by robbers in a plantation house at Tacotalpan, in the state of Vera Cruz. The former was killed and the other mortally wounded. They had a large amount of money in the house.

They Go Well Together.
"They are giving away life insurance policies with some of the cheaper wheels."
"I don't wonder at that."—Cycling Gazette.

Micawbers.
Oh, more than bitter is the cup
Of those "neath Fortune's frown,
Who wait for something to turn up,
And find themselves turned down.
